Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS, which aired on WUAB's main digital channel throughout the 4th quarter 2016, is a half-hour weekly series that provides core programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Each episode is topic-specific. AQUA KIDS uses the technique of near peer mentors i.e., children to teach other children. Each episode employs these mentors - the "Aqua Kids" - who ask questions and experience firsthand the experience of the topic. For example, children might feed Manatees to experience the graceful, gentle nature of the animal and learn about their biology or dig through piles of silt dredged from the ocean depths to look for shark teeth to understand how shark continually grow new teeth and lose old rows of teeth.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	CULTURE CLICK is a weekly half-hour series that explores the genesis of (and reasons behind) cultural events that permeate our lives. Developed and produced for viewers aged 13 to 16, host Nzinga Blake opens each episode from her virtual reality set with a list of what is trending on search engines that week. These topics will serve as a starting point for a deep dive into the culture viewers 13 to 16 will embrace. Each week, Nzinga will analyze and answer the questions that shape our society using the power and speed of the Internet and user-generated questions and content. Experts in pop culture will join her to add insight and historical perspective and viewers will come away with a week's worth of AHA moments to share with their friends and family. Six degrees of separation takes on a whole new meaning and there is no limit to what viewers will learn when they experience this series. Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Due to a technical error at the Bounce network, the E/I children's programs, "All In with Laila Ali" and "Everyday Health" were aired without the E/I graphic through October 15, 2016. Some episodes of the E/I program "Culture Click" aired without the E/I graphic through November 5, 2016. The network was put on notice and it remedied the issue, and WUAB-TV has implemented additional procedures to monitor the presence of the E/I graphic. The affected programming was re-aired with the E/I symbol on Sundays from 10AM-12:30PM, October 30, 2016 - December 11, 2016.

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS, which will air on WUAB's main digital channel in the 1st quarter 2017, is a half-hour weekly series that provides core programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Each episode is topic-specific. AQUA KIDS uses the technique of near peer mentors i.e., children to teach other children. Each episode employs these mentors - the "Aqua Kids" - who ask questions and experience firsthand the experience of the topic. For example, children might feed Manatees to experience the graceful, gentle nature of the animal and learn about their biology or dig through piles of silt dredged from the ocean depths to look for shark teeth to understand how shark continually grow new teeth and lose old rows of teeth.

Everyday Health is a series that uniquely raises awareness to help fight obesity, raise self-esteem, establish physical fitness habits and prevent negative health choices. An inspirational program about people who confront challenges by taking control, Everyday Health, through captivating storytelling, reports on amazing teens and other selfless Americans who are "paying it forward" with goodwill and new ideas that will inspire other teens to take action. EVERYDAY HEALTH - I will air on WUAB's secondary digital channel ("Bounce-TV") in the 1st quarter 2017.

Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 11:30AM-12:00PM (1/7-3/25/17)

Total times aired at regularly scheduled time	12
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This half-hour weekly series features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Produced for ages 13-16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide to animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real-life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet. SEA RESCUE - I will air on WUAB's tertiary channel ("Grit-TV") in the 1st quarter 2017.
