Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Programs #7-#12 in Section 7 "Non-Core Educational and Informational Programming" met all requirements of "Core" except that they aired outside of the required 7:00am to 10:00pm time window. This was a result of the entire 20.3 program stream being broadcast in Hawaii with a Pacific time zone feed up until November 6, 2016, at which time new hardware was installed to shift the programming into the Hawaii time zone, allowing the remaining airings of these programs during the quarter to be considered "Core". Due to a technical error, programs #1-#6 listed in the same section, in addition to airing outside of the 7:00am to 10:00pm window, also aired without an E/I symbol appearing within the program. The technical issue has since been resolved and the E/I symbol appeared in programming as of October 22, 2016. To compensate for the fact that this programming could not be counted as "Core", the licensee broadcast additional children's programming on its other subchannels.
