Digital Core Program (1 of 14)	Response
Program Title	Heart of a Champion with Lauren Thompson
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 10-10:30a, main digital
Total times aired at regularly scheduled time	9
Total times aired	14
Number of Preemptions	5
Number of Preemptions for other than Breaking News	5
Number of Preemptions Rescheduled	5
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Targeting a young teen audience (13 to 16), Heart of a Champion with Lauren Thompson features the powerful and inspiring stories of successful athletes who exemplify what it really means to be a champion. Hosted by Lauren Thompson, host of Golf Channels Morning Drive, Heart of a Champion with Lauren Thompson introduces audiences to professional and amateur athletes who have overcome obstacles to ultimately achieve transcendent moments in the world of sports. Heart of a Champion with Lauren Thompson proves that a champion is not only defined by their speed, strength and agility, but also by their grit, resiliency and heart. Inspirational messages shared this quarter include setting a goal at a young age, staying focused on it and working hard is a great way to achieve success; Just because you can no longer do something that you are good at due to circumstances beyond your control does not mean you cannot succeed at something else or have another purpose; seeking advice from those that have succeeded in a specific area of interest is a great way to progress your skill; do not underestimate someone by the way they look, what they cannot do or how old they are you can be very successful even if you do not fit the mold; do not be afraid to stand up for a cause that is important to you or to be a trailblazer. During this quarter, Heart of a Champion aired primarily Saturdays at 10am due to the Premiere Soccer schedule on NBC. If there was no live NBC sporting conflict the program aired in its secondary time period, Saturdays at 12:30pm. The show was moved 5 times during the quarter due to live sporting events. 10/1 episode aired 11/13 at noon; episodes on 10/8, 11/5, 11/12 and 12/24 aired Saturdays 12:30-1pm in its secondary time.

Days/Times Program Regularly Scheduled	Saturdays, 10:30-11am (main digital)
Total times aired at regularly scheduled time	13
Total times aired	14
Number of Preemptions	1

Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wilderness Vet hosted by renowned veterinarian, Dr. Michelle Oakley, features compelling stories from one of the most rugged areas on the planet, the Yukon. Dr. Oakley travels to homes, farms and wildlife preserves across the Yukon to help animals in need. Wilderness Vet will bring viewers closer than ever before to wild animals in their native habitats by showcasing the hard work and dedication involved in their rescue and rehabilitation. The program reaches audiences of all ages, but is targeted to the young teenage group ages 13 to 16. Lessons learned this quarter include life is precious and we must treat all living creatures with kindness; always keep learning the more knowledge we can absorb the better we can become at solving difficult or intricate problems; preparation is the key to success and the best preparation for the future is doing your best in the present; and never give up when the odds are against you, with determination and hard work we can do anything we put our minds to. Wilderness Vet was preempted on 10 /1 for Ryder Cup coverage. Episode aired on 10/16 at noon in a secondary time period.

Days/Times Program Regularly Scheduled	Saturdays, 11-11:30am Main Digital
Total times aired at regularly scheduled time	13
Total times aired	14
Number of Preemptions	1
Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Journey with Dylan Dreyer, led by NBC News meteorologist and Today Show Contributor, Journey with Dylan Dreyer, is a wondrous celebration of nature. Breathtaking cinematography will bring the targeted young teen viewers ages 13 to 16 up close and personal with the black bears of Montana to polar bears in the Arctic. The audience will have a unique platform to see animals in their natural habitat, including exploring the extraordinary migration of 1 and a half million animals traveling over 500 miles across the Serengeti in Tanzania and Kenya. Journey with Dylan Dreyer will explain many questions surrounding the behaviors of animals, big and small and the world in which we live. This quarter viewers learn from butterflies to whales animal migrations are a critical component of survival and this movement is life; the world we recognize today is billions of years in the making and we must appreciate and protect our environment for generations to come; hard work and determination can lead to great discoveries and revelations of our past; discover how Alaskan wildlife face the epic struggle for survival in cold winters; and the amazing animals of the fragile Serengeti are endangered and we all need to do our part to protect them. The show was preempted on 10/1 for Ryder Cup Golf airing on 10/16 at 12:30pm

Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild About Animals is a half hour animal magazine series targeting a young teen audience, ages 13 to 16 offering insight into the animal kingdom as some of the worlds most fascinating and best known animals are featured in their natural habitats. Each episode consists of multiple stories designed to teach children about exotic and unique animals from the wild, as well as to educate them further about animals they encounter every day. Issues such as conservation, rehabilitation and wildlife protection are also an integral part of the program as the human responsibility to the preservation of the animal kingdom is an underlying theme in this program. Lessons learned this quarter include how zoos create balanced nutritional diets for the animals; how tiny barnacles can impact massive Navy ships around the world; training dogs to detect life threatening diseases in people; how coral reefs are regenerating quicker with the help of science; a visit to a private sanctuary that teaches people how to communicate with farm animals; and how a place in Florida is specializing in harvesting lifesaving anti venom from a killer snake.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Naturally, Danny Seo is an educational series for young people, target age group 13 to 16, and their families seeking a healthier lifestyle by learning the science behind eating well and exercising your mind and body while caring for our planet. Host Danny Seo is Americas leading authority on eco friendly living. Danny has devoted his career to the idea that caring for the environment can go hand in hand with enjoying time with family and friends and sharing delicious and healthy meals while creating a healthy and environmentally friendly home. Beneficial information shared this quarter include upcycling is a great way to save money and help the environment by reusing objects or materials; there are healthy ways to make desserts by using produce like bananas and avocados; LED bulbs use light emitting diodes and an electrical current to produce energy efficient light; almond oil is beneficial to the skin; eating healthy can be done by substituting popular dishes with healthy alternatives; and juicing allows an intake of multiple fruits and vegetables at once which can help boost your immune system, help remove toxins from your body and aid in digestion. This quarter the show was preempted once, airing in a secondary time period Sunday at 12: 30pm

Length of Program	30 mins

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Give , targeting a young teen audience, introduces viewers to the world of philanthropy through the stories of small charities making a big impact. The series features NBC News correspondent and the founder of UNICEFs Next Generation, Jenna Bush Hager, esteemed actor Blair Underwood, and passionate celebrity philanthropists from film, television, music, sports, and business who are all on a mission to inspire others to do good. In each episode, one of these celebrity ambassadors will visit two charities that use innovation, best practices, and dedication for change in their communities and the world. With the help of some of the countrys top foundations, we meet these inspiring individuals to see how they do it through the eyes of our celebrity ambassadors. In an episode focusing on the homeless and underprivileged youth in LA viewers understand the importance of music as studying it translates into improved academic results and neural processing; service animals are able to provide a new lifestyle for those with disabilities or social anxiety; Sibling Connection is highlighted which offers brothers and sisters separated by the foster system a chance to reunite and build lifelong relationships; and showing kindness and compassion to those with special needs is a rewarding lesson. Give was preempted on October 1st for Ryder Cup coverage. Program was rescheduled in a secondary time period Saturday 10/29 at 9:30am

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience, Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth. Xploration Awesome Planet is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. Spawned by the Obama administration's focus on accelerating student learning in science, technology, engineering and math with a determination to help the US remain competitive in this arena, these family oriented programs strive to cultivate interest in STEM fields, develop strategies for improving knowledge as well as demonstrate STEM related challenges and solutions.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This half hour weekly series produced for the 13 to16 target audience will attract viewers of all ages. Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet. Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars like habitat. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. The series is produced with the intention of increasing and expanding our target audience interest in the field of STEM education.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13 to 16 target audience, Xploration: Nature Knows Best will inspire and educate audiences of all ages. Host and Marine Biologist, Danni Washington, exudes energy as she relates how current technology was inspired by nature, and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds, and in helicopters influenced by the dragonfly, and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel! But engineers are not the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants, architects who design living buildings and roboticists who are making their designs bigger, stronger, and faster based on animals. This series will show kids how understanding nature can help them make the next great discovery. Xploration: Nature Knows Best is a half-hour weekly E I series produced with the intention of increasing and expanding our target audience interest in the field of STEM education.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	<p>WBBH on air talent and management personnel continue to give their individual support on behalf of the station as special guests, lecturers, and hosts to area youth events, organizations and in the classrooms throughout the market. Senior Chief Meteorologist Robert Van Winkle dedicates hours each week to the Lee County Schools Foundation serving as host for the A Team Challenge. Now entering its 28th year, this high school student quiz show recognizes and applauds the academic achievements of area students. Many staffers serve on committees or boards of organizations that target services to the youngsters in our area from mentoring to allocations of financial assistance. The station is an active business participant in the STEM community project. This program in conjunction with the area educational systems promotes the advancement of Science, Technology, Engineering and Math educations. In addition we offer station tours to various youth organizations and classrooms giving a glimpse of the behind the scene operations. In October WBBH was once again a pacesetter company for the area United Way. The station raised over 38 Thousand Dollars to support worthy organizations in the community, many of the agencies that promote a better lifestyle for area children such as AFCAAM Center which offers children a hand up rather than a hand out, AMIkids that works with youthful offenders in education, behavior modification and counseling, Big Brothers & Big Sisters, Boys Scouts & Girl Scouts, Boys & Girls Clubs, Child Care of Southwest Florida, Childrens Advocacy Center, Childrens Home Society, Early Learning Coalition, Healthy Start Coalition, PACE Center for at risk girls with delinquency intervention, counseling and training, along with numerous organizations that support, shelter, protect and feed families of abuse and in need. Station WBBH follows the networks lead in the continuation of the award winning public service campaign, The More You Know. Since 1989, The More You Know has brought the nations most important social issues to the forefront, and remains a trusted voice for sharing knowledge to improve lives and inspire action. The More You Knows comprehensive website (themoreyouknow.com) includes in depth resource and referral information on the campaigns important focus issues including: HEALTH fighting childhood obesity, encouraging nutrition and physical fitness; ENVIRONMENT encouraging everyday actions that reduce environmental impact; EDUCATION recruiting new teachers and promoting their long-lasting impact; DIGITAL LITERACY & INTERNET SAFETY sharing online safety tips and information and DIVERSITY embracing differences and promoting inclusion, tolerance and respect Also featured on site is The More You Know Learning series Growing Up Online, a free eBook on digital literacy and Internet Safety. Growing Up Online is an important tool to initiate conversation with children about online safety. The eBook is a media rich, two part learning resource that provides easy to use information about navigating the digital world in a unique and engaging way. Part one includes safety tips, discussion questions and key takeaways for parents and teachers. Part two features four entertaining video comic books for children, focused on real situations that come up when kids go online. Additional content on the site includes public service announcements, behind the scenes videos, a general overview, a talent directory, and a list of the campaigns accolades such as the prestigious Emmy and Peabody awards.</p>

Program Title	Wild About Animals
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays,11:30a-12n ET Main Digital
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild About Animals is a half hour animal magazine series targeting a young teen audience, ages 13 to 16 offering insight into the animal kingdom as some of the worlds most fascinating and best known animals are featured in their natural habitats. Each episode consists of multiple stories designed to teach children about exotic and unique animals from the wild, as well as to educate them further about animals they encounter every day. Issues such as conservation and wildlife protection are also an integral part of the program as the human responsibility to the preservation of the animal kingdom is an underlying theme in this program.

Program Title	Xploration Awesome Planet
Origination	Syndicated
Days/Times Program Regularly Scheduled	Tuesdays, 4-4:30p ET Secondary Digital
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience, Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth. Xploration Awesome Planet is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. Spawned by the Obama administration's focus on accelerating student learning in science, technology, engineering and math with a determination to help the US remain competitive in this arena, these family oriented programs strive to cultivate interest in STEM fields, develop strategies for improving knowledge as well as demonstrate STEM related challenges and solutions.
