Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	8.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is an exciting and entertaining series which takes viewers on location to explore the magnificent and immense world of Africa's animals. Ushaka, a young South African host, takes the viewer from the brushlands of the Savanna to the great Okavango, and from the greatest game reserves to the most remote beaches of Madagascar, and more. The viewer will see everything from rare African birds to "creepy crawlers", to animal babies interacting with their mothers and siblings. The viewer will learn about life science as well as biological facts, which will educate the viewer about the natural activities of a species as well as its environment, the need for wildlife conservation, and how to better support the protection of endangered species. This program aired on the secondary digital stream, 66.2.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program aired on our tertiary digital station, 66.3.

Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Robert DePascale
Address	G-3463 W. Pierson Road
City	Flint
State	MI
Zip	48504
Telephone Number	(810) 785-8866
Email Address	rdepasca@sbgtn.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	During 4th quarter, WSMH telecast numerous public service announcements aimed at children 16 years of age and under. We also air on a regular basis PSAs provided to us by Drug Free America, which are geared toward children. WSMH participated career days to inform students about job opportunities in broadcast television, visited local schools to discuss meteorology and hosted job shadows at the station.

Program Title	Think Big
Origination	Network
Days/Times Program Regularly Scheduled	Sundays 8am (1/1-3/26/2017)
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program will air on our tertiary digital stations, 66.3.
