Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids provides a unique vehicle for young people to learn about the diversity of marine animals around the world, emphasizing the importance of preserving fragile aquatic habitats and encouraging children to take an active role in protecting the future of their community and the world. The program provides a window into the management and preservation of unique habitats and species through the eyes of kids and their hands-on collaboration with science researchers and educators. The messages delivered by Aqua Kids are given by a creative and resourceful host, Molly McKinney, whose scientific background is evident in the show. The other young hosts, whose ages range from pre-teen to late teens, are equally entertaining and informative. The young viewers identify with these young hosts and imagine themselves in the role of the scientist and as someone who could have a positive impact on the environment. The format of young student scientists presenting information on location in a variety of aquatic settings is both entertaining and informative.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that the station fully complied with the FCC's commercial limits in children's programming, as specified at 47 C.F.R. section 73.670, with respect to all programs specifically designated for children ages 12 and under. This filing amends the timely filed Form 398 filed on (10/06/2016). In fourth quarter 2016, the LAFF multicast network informed the station of a technical error regarding the E/I bug for programming that aired on 9/26 /16. Upon learning of the technical issue, the station re-aired the programs from 9/26 missing the E/I bug in the fourth quarter of 2016. On 9 /9/16, "Teen Kid News" replaced "Eco Company" on D1. On 9/10/16, "Reluctantly Healthy" replaced "Animal Outtakes" on D3.

Days/Times Program Regularly Scheduled	Sunday 11:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids provides a unique vehicle for young people to learn about the diversity of marine animals around the world, emphasizing the importance of preserving fragile aquatic habitats and encouraging children to take an active role in protecting the future of their community and the world. The program provides a window into the management and preservation of unique habitats and species through the eyes of kids and their hands-on collaboration with science researchers and educators. The messages delivered by Aqua Kids are given by a creative and resourceful host, Molly McKinney, whose scientific background is evident in the show. The other young hosts, whose ages range from pre-teen to late teens, are equally entertaining and informative. The young viewers identify with these young hosts and imagine themselves in the role of the scientist and as someone who could have a positive impact on the environment. The format of young student scientists presenting information on location in a variety of aquatic settings is both entertaining and informative.
