Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The mission of Teen Kids News is to produce a weekly news program that provides information and news to kids in a manner that is compelling as well as highly entertaining. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team is unique in television and has great appeal to kids who identify and emulate them. This program serves the audience in a way that makes a real difference in their lives. It inserts the clear voice of the kid into the adult-dominated media and provides a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. Teen Kids News is filling that void and has captured the imagination of America, becoming the first program in history targeting the next generation of news viewers. Program is broadcast on the main digital channel.

<p>Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>On Saturday January 7th, a snow storm and severe weather caused 2 preemptions in our core programming due to breaking news and a Special Edition Noon Newscast. "Give" at 12pm, and "Heart of a Champion", in its second home of 1230pm were preempted due to a Special Edition Newscast that updated viewers about the storm, and also included new information for viewers in our DMA. The 2 core programs were not rescheduled. Due to the amount of network sports programming that preempted children's core hours in Q1, we aired additional core hours. During Q1 2017, this station aired 6 additional episodes of the regularly scheduled core children's program "Teen Kids News." These "special editions" were intended to increase audience awareness of the program and to further educate and inform the teen audience about significant news events in the weeks leading up to the Presidential Inauguration and during the first "100 days" of the new Presidential Administration. The importance of engaging teen viewers in news-of-the-day -- which is a principal goal of the station's airing of these additional episodes -- cannot be overstated, as significant events occurred in all three branches of the federal government during the first quarter, and the episodes also examined significant social and cultural developments and "fee good" stories to expand the worldview and socio-cultural literacy of teen viewers. In short, these airings were designed to update the teen audience about recent events and reports, some of which they had missed due to network sports coverage. These additional core episodes were promoted via on-air crawls, and the television listing services were notified in advance of their scheduling. One or more episodes of children's programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unrescheduled preemptions, and FCC Staff has advised that no preemption report for such unrescheduled episodes is necessary. The station's children's core programming average set forth in the "Digital Core Programming" section of this report takes into account the fact that the First Quarter 2017 only had 12 Saturdays. Because some of the station's core programs aired on Saturdays, the calculation in the Digital Core Programming section is "artificially" low as a result of the calendrical quirk. WYFF 4 supports our children's programming efforts through community service outreach and non-broadcast efforts that serve the educational and informational needs of children. Information supporting our community outreach/non-broadcast efforts is maintained with this report in our Children's Public File. WYFF 4 actively participates in an Internship Program with area university students. Shaqnille Rolle from North Greenville University interned in our WYFF 4 News Department during 1st quarter. Tjakra Drescher from Clemson University, and Eddie Mattison from Tri-County Tech interned in the Operations Department. WYFF 4 actively participates in community outreach. Here is a partial list of examples: 3/7/17, Carol Goldsmith, News 4 Primary Anchor, was a speaker at Concord Baptist Church, Anderson, SC 2/6/17, Michael Cogdill, News 4 Primary Anchor, was a speaker at The Collins Home, Oconee, SC 1/26/17, Nigel Robertson, News Anchor /Reporter, was the Emcee at the United Way of Greenville Annual Ceremony, Greenville, SC 2/10/17, Geoff Hart, Morning News Anchor/Reporter, was a participant in Real Men Read Program at Chandler Creek Elementary, Greenville, SC 3/19/17, Myra Ruiz, Weekend Anchor/Reporter, was a Judge at the Northside Baptist Church Baking Contest, Pickens, SC 3/9/17, Patrick Hussion, Weekend Anchor/Reporter, was the Emcee at the Greater Easley Chamber of Commerce Awards Dinner, Easley SC 1/12/17, Dale Gilbert, Meteorologist, gave a Weather Talk at Starr Elementary in Anderson, SC 2/23/17, John Cessarich, Chief Meteorologist, gave a Weather Talk at Prince of Peace Catholic School, Greenville, SC 2/22/17, Chris Justus, Meteorologist, gave a Weather Talk at Oakland Elementary, Spartanburg SC 3/3/17, Aubrey Jackson, Reporter, was the Emcee for the United Negro College Fund (UNCF) Masked Ball Gala, Greenville, SC 3/27/17, John Humphries, President & General Manager, was a Participant at the Coaches for Character, Greenville, SC 3/28/17, Cody Sloan, Digital Video Editor, was a Participant for STEM/Career Night at West End Elementary, Easley, SC WYFF 4 non-broadcast efforts this quarter include "Golden Apple Awards" to honor local teachers who go above and beyond the standard teaching methods during the school year, and "Coaches for Character", an event that featured two Clemson Tiger National Championship players, Ben Boulware and Mike Williams.</p>

Days/Times Program Regularly Scheduled	Sundays, 1130am-12pm
Total times aired at regularly scheduled time	13
Length of Program	30 mins

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

The mission of TEEN KIDS NEWS is to produce a weekly news program that provides information and news to kids in a manner that is compelling as well as highly entertaining. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team is unique in television and has great appeal to kids who identify and emulate them. This program serves the audience in a way that makes a real difference in their lives. It inserts the clear voice of the kid into the adult-dominated media and provides a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. Teen Kids News is filling that void and has captured the imagination of America, becoming the first program in history targeting the next generation of news viewers. Program is broadcast on the main digital channel.
