Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The station's children's core programming average set forth in the "Digital Core Programming" section of this report takes into account the fact that the First Quarter 2017 only had 12 Saturdays. Because all of the station's core programs aired on Saturdays, the calculation in the Digital Core Programming section is "artificially" low as a result of the calendrical quirk.
