Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	--Partners in Education with a local elementary school. --School Talk Weekly feature live during the morning newscast which is focusing on Cedar Valley schools. --Several employees are mentors for local students. --KWWL employees speak extensively at elementary and secondary schools throughout the market. --On Saturday, January 7, 2017, the feed for CW kids was incorrect. We received the east coast feed, instead of the normal feed we take. Because of this, the first hour of scheduled programming did not air, which was two episodes of calling Dr. Pol. At 7 AM, we began with the Dog Whisperer, which usually begins at 8 AM. --The stations childrens core programming average set forth in the Digital Core Programming section of this report takes into account the fact that the First Quarter 2017 only had 12 Saturdays. Because most of the stations core programs aired on Saturdays, the calculation in the Digital Core Programming section is artificially low as a result of the calendrical quirk. One or more episodes of childrens programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unrescheduled preemptions, and FCC Staff has advised that no preemption report for such unrescheduled episodes is necessary.
