**Digital Core  
Programming**

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 2.77     |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 336.0    |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 6.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

| Program Title  | .3 DOKI   |
| Origination  | Network   |
| Days/Times Program Regularly Scheduled   | FRIDAY 7AM-730AM  |
| Total times aired at regularly scheduled time  | 26  |
| Total times aired  |   |
| Number of Preemptions  | 0   |
| Number of Preemptions for other than Breaking News   |   |
| Number of Preemptions Rescheduled  |   |
| Length of Program  | 30 mins   |
| Age of Target Child Audience   | 2 years to 5 years  |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Multicast Channel: Doki offers fun characters each with their own strengths and weaknesses (therefore offering a broad representation of possible at-home viewers). The team is supportive of one another and the "world" of Doki and its characters reflects the media landscape of today's child. Although the most supportive programming involves the audience through presentation of material in a way that demands intellectual interaction on the part of the viewer (i.e., encouraging the viewer to assist on screen characters to solve problems), and this series might benefit from this type of "interaction," Doki does offer enthusiastic characters, real questions and an "arguably" realist presentation of discovery. Combined, these elements will keep children engaged and support their learning. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | MAIN DIGITAL CHANNEL: Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers a unique insight into the life of one of the world's busiest vets and the animals he devotes his days to caring for and treating. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. Each episode delivers not only a carefully crafted mix of human and animal interest stories, but also features a variety of animals that undergo elective procedures as part of long term treatments involving the most intricate and technologically advanced surgery. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | MAIN DIGITAL CHANNEL: This series is a weekly celebration of the inventor's spirit - from historic scientific pioneers throughout past centuries to the forward-looking visionaries of today. Each episode tells the dramatic stories behind the world's greatest inventions - and the perseverance, passion, and price required to bring them to life. Featuring the 'what if it never happened', 'the innovation by accident,' and a strong focus on 'junior geniuses' who are changing the face of technology, this TV series will appeal to young viewers and their families. |

---

|  |   |
|--|---|
| Total times aired at regularly scheduled time  | 26  |
| Length of Program  | 30 mins   |
| Age of Target Child Audience from  | 2 years to 5 years  |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Multicast Channel: Doki offers fun characters each with their own strengths and weaknesses (therefore offering a broad representation of possible at home-viewers). The team is supportive of one another and the "world" of Doki and its characters reflects the media landscape of today's child. Although the most supportive programming involves the audience through presentation of material in a way that demands intellectual interaction on the part of the viewer (i.e., encouraging the viewer to assist on-screen characters to solve problems), and this series might benefit from this type of "interaction," Doki does offer enthusiastic characters, real questions and an "arguably" realist presentation of discovery. Combined, these elements will keep children engaged and support their learning. |
