**Broadcaster
Information
and
Transition
Plan**

Question	Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	WVPT has three DTS transmitters that will be rechanneled, reusing all RF components. Each transmitter will be retuned with a new mask filter by the manufacturer during an overnight maintenance window.
