Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half-hour weekly series, Sea Rescue, features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The show travels the globe to introduce viewers to all kinds of animals - from the familiar to the astounding - including monkeys, giant lizards, sharks, and tigers. Animals are featured from North and South America, Africa, Asia, Australia, and everywhere in between. Learn about their lives, their history, and the adaptations that allow them to survive and thrive, but best of all, meet them face to face. Each episode is an exciting adventure into the animal kingdom. Reino Animal [Animal Atlas] is not only captivating, but in a world where the natural habitats of many animals are endangered, it is also relevant and important.
