Digital Core
Programming

| Question | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 3.0 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 168.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 3.0 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Missing" is a weekly half-hour educational/informational series focusing on actual cases of missing persons. The series, which is appropriate for family viewing and children ages 13-16 in particular, provides information and descriptions of missing children, including endangered runaways as well as victims of abductions. The show also presents peer-to-peer advice on safety in public places and in cyber space, including real-world examples of how to avoid potentially dangerous situations. The program emphasizes taking active responsibility for personal safety and promotes situational awareness, presented in a calm and non-threatening manner suited for teenagers. "Missing" is closed-captioned for the hearing impaired and displays the "E/I" icon throughout the broadcast. This airs on Channel 6.2 |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Think Big features top kid inventors who face off against each other in an Invent-Off to see who can come up with the most innovative and creative invention. Each episode is set in the Think Tank, a studio filled top to bottom with art supplies and construction materials. Two teams, each led by a Featured Inventor, brainstorm, choose materials, and then sketch, design and build their idea. Once completed, the competing inventions are presented to a judge. The best invention wins bragging rights and the coveted Genius Cup. In Think Big, kids acquire and showcase their skills in creativity, science,innovation, marketing, design and teamwork. May the brightest mind win! Think Big is a kid-hosted entertaining series for young people following the world's most innovative kids as they create and invent new toys, games, learning tools, websites and new modes of transportation. Some even start their own companies! This airs on Channel 6.2 | |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Dragonfly TV is a weekly half-hour science television series that meets the educational and informational objectives of the FCC's Children's programming requirements for children ages 13-16. The program highlights children "doing" projects with real hands-on experience and demonstrates practical applications of mathematics and science. It introduces young viewers to a variety of scientific disciplines and challenges them in critical thinking and problem solving skills, while providing valuable information to reach answers. Each episode is engaging, entertaining and educational in structure, allowing children to investigate science on their own. |
