Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	While Jack Hanna introduces the habitat and the wildlife, regional guides are given the "expert" status and the viewer becomes engaged in the natural environment. It is also important to note that in addition to the educational content of the program, Jack brings the affective aspect to wildlife education, engaging the emotional appeal of the wild animals and the conservation message to encourage the audience to take an active interest in preserving wildlife. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment, enforces the educational value and impact of the program.
