Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	Mickey Mouse Club House digital 20.1
Origination	Network
Days/Times Program Regularly Scheduled	Saturday 9:00am
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	3 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mickey Mouse Clubhouse is a lively preschool series featuring classic Disney characters including Mickey and Minnie Mouse, Donald and Daisy Duck, Goofy, and Pluto. In each episode, viewers are invited to help the characters solve a problem using age-appropriate critical thinking, problem solving, and mathematical skills. Once the problem is explained, Mickey and friends embark on entertaining adventures, working together to solve the problem with the help of various "Mouseketools" everyday objects that turn out to be useful tools for problem solving. The series uses engaging stories, physical and verbal humor, and music to keep viewers interested and invested in helping Mickey and friends solve the problems at hand.

Program Title	Handy Manny digital 20.1

Origination	Network
Days/Times Program Regularly Scheduled	Saturday 9:30am
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	3 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Handy Manny introduces concepts related to construction, building, engineering, and technology to preschool audiences through engaging, relatable stories about Sheetrock Hills' lovable handyman, Manny and his neighbors and friends. In each episode, one of Manny's neighbors calls with a problem. Manny is always willing to help! With the help of his tools a lively bunch of friends, each with strengths and challenges of their own Manny is able to assess problems, ask questions, come up with solutions, and make any repairs necessary to help his neighbors. Whether the problems is a broken scooter or a clogged sink, Manny is able to find a solution using his knowledge of construction principles and how machines work. Manny's neighborhood is a multicultural community with a rich Latino heritage. Manny and his neighbors participate in a number of Latino traditions, festivals and holidays. Spending time with Manny and his neighbors in Sheetrock Hills is guaranteed to be both fun and informative for viewers

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Teenage hosts Araya and Christina investigate real-life reports of mysteries such as spirits, legendary creatures, monsters, dinosaurs and UFOs. They use scientific rigour to try to find plausible explanations for the sightings and eye-witness accounts that trigger their investigations. In another section of the show, Doubting Dave, a scientist, attempts to explain mysterious personal experiences that have been emailed in by viewers, in a feature called "V-Files", as well as a way to create your own versions of the mysteries in the show in his "Mystery Lab" segment.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Through Sesame Amigos' 26 new episodes, kids will build their inner strength, develop their moral compass and learn important educational lessons with trusted and engaging characters that kids love and moms and dads count on. In each show, kids will play learning games and get up and dance with Elmo, who will encourage kids to participate throughout the show. They'll travel to "The Furchester Hotel," a hilarious segment featuring Elmo, Cookie Monster, and new friends that teaches creative problem-solving and working together. Next they'll explore far off lands and learn about cooperation in "Bert and Ernie's Great Adventures." Finally they'll laugh out loud with Cookie Monster, the star of "Cookie's Crumby Pictures," who proves that patience takes practice.

Program Title	Saved By the Bell 20.2
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sunday 9:00am - 11:00am
Total times aired at regularly scheduled time	52
Total times aired	52
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Saved By the Bell focused on Zack Morris and his friends: Samuel "Screech" Powers, Kelly Kapowski, Jessie Spano, A.C. Slater and Lisa Turtle. They had adventures and funny moments at Bayside High School in Palisades, California. They often tried to fool the gullible principal, Mr. Richard Belding, but also sometimes got advice from him. They regularly hung out at a burger joint called "The Max," which was owned in the first season by a magician named Max.

Total times aired at regularly scheduled time		26
Total times aired		
Number of Preemptions		0
Number of Preemptions for other than Breaking News		0
Number of Preemptions Rescheduled		
Length of Program		30 mins

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Bill Nye the Science Guy is an American half-hour live action science program. Nye's TV persona is a tall and slender scientist wearing a blue lab coat and a bow-tie. He combines the serious science of everyday things with fast-paced action and humor. There are several individual segments that are featured in each episode, such as "Way Cool Scientist", which features an expert on the episode's topic, "Consider the Following", where Nye discusses a certain aspect of the episode's topic, "Nifty Home Experiment", where the audience is shown how to do a simple home experiment relating to the episode's topic, "Try This", where the audience is shown how to try a simple demonstration relating to the episode's topic, "Hey! Look at This", where the expert shows us how to give us a closer look by relating to the episode's topic, "Check it Out", where the audience is shown how to affect their environmental issues by relating to the episode's topic, "Clever Science Trick", where the audience is shown how to do a simple science trick relating to the episode's topic, and "Did you know that...", where an interesting factoid related to the episode's topic was presented. "Luna Van Dyke, Private Detective" was one of the recurring segments on the show. The segments feature private detective Luna Van Dyke focusing on the story that is related to the episode's topic.

Other Matters (1 of 3)	Response
Program Title	The Backyardigans
Origination	Network
Days/Times Program Regularly Scheduled	Sat. 9:30 a.m.
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This educational program is targeted to pre-schoolers, featuring five friends who inspire children to engage in creative play through musical adventures. Each episode encourages young children to learn through music and dance. The unique character's personalities also add to this program's appeal. Each adventure begins in the backyard through the group's imagination and is then transformed into a completely different world in which they have an adventure.
