Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	7.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a great understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species. This program aired on the station's main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is a children's travel program featuring the natural geographic wonders, indigenous cultures, native wildlife and unique adventures of Australia and other surrounding countries as seen and experienced through the eyes of youth. Filmed on location, Boomerang's young hosts share their first-hand discoveries by conducting interviews, taking unusual tours, and designing their adventures based on viewers' special requests. Children learn geography, exposure to other cultures and appreciation for the world in which they live. Episode features include: meeting the world's oldest dog, exploring Mayan pyramids of southern Mexico, and traveling to a tiny island in the Timor Sea to visit a family who lives there. This program aired on the station's secondary digital stream; 25.2. The station reported in its First Quarter 2017 Form 398 that due to a technical error, the program aired on certain dates without the E/I bug. The station did rebroadcast those episodes with the E/I bug on April 16 and 22, 2017.

Program Title	Wild America
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturday: 7/1-9/30/17, 11:00am
Total times aired at regularly scheduled time	14
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a great understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species. This program will air on the station's main digital stream.

Program Title	Xploration Weird But True
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sunday: 7/2-9/24/17, 7:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In this program, Charlie and Kirby explore a new topic each week to uncover the "Weird But True" science at play all around us. With a mix of graphics and handmade art, this series is fun, playful and educational. For instance, in the first episode, our hosts are curious to learn about asteroids - and so they set off to explore the biggest meteor crater in the U.S. and meet a real-life meteorite hunter. They also try their hand at tracking down space rocks. Along the way, they discover that meteor crash sites can turn into quicksand! Charlie and Kirby inspire teens to question the HOW and WHY behind the way our world works, and encourage them to discover answers to their most curious questions. This program will air on the station's main digital stream.
