Broadcaster Information and Transition Plan

Question	Response
----------	----------

Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	WDWO will transition from ch. 18 service to ch. 22 service at its current operating facilities (ASR 1007996). There are other stations that operate from this facility, however, WDWO will not be sharing transmission equipment with those stations.
