| Digital Core              | Question   |   |                           | Response |
| Programming               | State the average number of hours of Core Programming per week broadcast by the station on its main program stream   |   | 3.5                       |          |
|                           | State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream   |   |                           | 336.0    |
|                           | State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:   |   |                           | 8.0      |
|                           | Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? |   |                           | Yes      |
|                           | •  | t at least 50% of the Core Programming counted toward meeting ed to free video programming aired on other than the main Yes N |                           | Yes      |

stream) did not consist of program episodes that had already aired within the previous seven days either on the

station's main program stream or on another of the station's free digital program streams?

### Digital Core Programs(22)

| Digital Core Program<br>(1 of 22)  | Response  |
|--|---|
| Program Title  | Xploration Earth 2050   |
| Origination  | Syndicated  |
| Days/Times Program<br>Regularly Scheduled  | Saturdays 7am (7/1/17-9/30/17)  |
| Total times aired at regularly scheduled time  | 14  |
| Total times aired  | 14  |
| Number of<br>Preemptions   | 0   |
| Number of<br>Preemptions for other<br>than Breaking News   |   |
| Number of<br>Preemptions<br>Rescheduled  | 0   |
| Length of Program  | 30 mins   |
| Age of Target Child<br>Audience  | 13 years to 16 years  |
| Describe the<br>educational and<br>informational objective<br>of the program and<br>how it meets the<br>definition of Core<br>Programming. | This program strives to answer questions about where advancements in science, technology, engineering, and mathematics may lead us in the future. Scientists, inventors, doctors, science fiction writers, and creative thinkers add their input about what the world may look like in 2050. Viewers are taken on an educational adventure as the program tackles future challenges in everything from transportation to health care to the environment. (This program aired on the main digital stream.) |
| Does the Licensee<br>identify the program<br>by displaying<br>throughout the<br>program the symbol E<br>/I?                                | Yes   |

| Digital Core Program<br>(2 of 22)                   | Response                          |

| Age of Target Child<br>Audience                             | 13 years to 16 years           |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and how it<br>meets the definition<br>of Core<br>Programming. | Each week, host Emily Calandrelli takes journeys through space that will both entertain and educa viewers. Ever wonder what it would be like to live in space or on a different planet? Emily shows viewers what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars-like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the searc for other life in space, and many other topics, including NASA-related programs as applicable to the episodes. (This program aired on the main digital stream) |
|---|---|
| Does the Licensee<br>identify the program<br>by displaying<br>throughout the<br>program the symbol<br>E/I?                                    | Yes   |

| Length of<br>Program  | 30 mins   |
|---|---|
| Age of Target<br>Child Audience   | 13 years to 16 years  |
| Describe the<br>educational<br>and<br>informational<br>objective of the<br>program and<br>how it meets<br>the definition<br>of Core<br>Programming. | Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. (This program aired on the main digital stream.) |

| Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | This program is an exciting and entertaining series which takes viewers on location to explore the magnificent and immense world of Africa's animals. Ushaka, a young South African host, takes the viewer from the brushlands of the Savanna to the great Okavango, and from the greatest game reserves to the most remote beaches of Madagascar, and more. The viewer will see everything from rare African birds to "creepy crawlers", to animal babies interacting with their mothers and siblings. The viewer will learn about life science as well as biological facts, which will educate the viewer about the natural activities of a specie as well as its environment, the need for wildlife conservation, and how to better support the protection of endangered species. (This program aired on the tertiary digital stream.) |

| Describe the<br>educational<br>and<br>informational<br>objective of the<br>program and<br>how it meets<br>the definition of<br>Core<br>Programming. | Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. (This program aired on the main digital stream.) |   |  |  |
