| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The "Aqua Kids" have their sights set on Saving the Oceans of the World. Pollution and Abuse of these incredible natural resources are taking their toll. Entire Species of fish have disappeared, Marine Mammals are dying from ingesting plastic, and toxic waste in our waterways is destroying habitat and marine life. The "Aqua Kids" will be looking for adventure and knowledge, and along the way, tackle some ecological dilemmas. This group of Knowledge-Seeking kids will start right in their own backyards, beginning with local streams that eventually lead to the Oceans of the world. By pointing out the problems they encounter, they hope to educate their peers on what they can do to solve these environmental dilemmas. In most cases, it is not too late to change the tide of destruction. With the help of groups like the National Aquarium in Washington, DC, the North Bay Adventure Camp, the Chesapeake Bay Foundation and many more organizations, the "Aqua Kids" will continue to pursue their goal. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This is a reality science series that is produced for children in the 13-16 age group and is designed to educate, inform and entertain those viewers. This program fulfills its purpose by providing a high level of educational value. The structure of each show consists of four (4) different segments/stories which make for a varied, fast paced program. Through the use of dramatic, stunning footage combined with an engaging and entraining narrative, the show creates a general tone that is particularly effective in connecting to the target audience. The level of detail in each show is also appropriate and the segments move quickly from one topic to the next. The host, Mariette Hartley, who is an animal rights activist and Emmy award winning actress, creates a bond with the viewer through her pleasing delivery. Coupled with a very conversational style is the MTV shooting style. The program open is visually engaging, featuring scenes of animals in their habitats in the form of a teaser for the audience. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The "Aqua Kids" have their sights set on Saving the Oceans of the World. Pollution and Abuse of these incredible natural resources are taking their toll. Entire Species of fish have disappeared, Marine Mammals are dying from ingesting plastic, and toxic waste in our waterways is destroying habitat and marine life. The "Aqua Kids" will be looking for adventure and knowledge, and along the way, tackle some ecological dilemmas. This group of Knowledge-Seeking kids will start right in their own backyards, beginning with local streams that eventually lead to the Oceans of the world. By pointing out the problems they encounter, they hope to educate their peers on what they can do to solve these environmental dilemmas. In most cases, it is not to late to change the tide of destruction. With the help of groups like the National Aquarium in Washington, DC, the North Bay Adventure Camp, the Chesapeake Bay Foundation and many more organizations, the "Aqua Kids" will continue to pursue their goal. |
