| Number of Preemptions Rescheduled | 0 |
| Length of Program | 30 mins |
| Age of Target Child Audience | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.</p> |

| Number of Preemptions Rescheduled | 0 |
| Length of Program | 30 mins |
| Age of Target Child Audience | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, Dr. Chris Pet Vet allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This program offers teens an opportunity to view everyday people - regardless of age, sex, occupation or education - stepping forward and acting in a socially responsible and moral fashion when faced with crises and moral dilemmas. In a candid camera-type format, individuals are placed in situations that cause them to demonstrate acts of kindness and generosity, stand up for diversity, shield others from bullies, and embrace friendships. In addition, the program includes segments that focus on overcoming ones fears, as well as rewarding individuals for their unselfish kindness and community service. The program seeks to encourage young viewers to increase their sensitivity and awareness, in order to refine their own moral compass. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Number of Preemptions Rescheduled | 0 |
| Length of Program | 30 mins |
| Age of Target Child Audience | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Animal Atlas" is an entertaining and educational half-hour wildlife program shot exclusively in High Definition. The show introduces young viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals- whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it is culturally relevant and important. Animal Atlas offers an incredible and wildly entertaining adventure through the animal world. Learning about animals has never been more fun! Just spin the globe. Anywhere, everywhere animals live, you'll find Animal Atlas. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Calling Dr. Pol is a weekly half-hour series that explores the fascinating occupation of veterinary medicine. Designed to educate and inform viewers aged 13-16, and the entire family, this inspiring series invites viewers to share in the experiences of Dr. Pol. An enthusiastic and naturally-inclined and well-rounded scholar, Dr. Pol has been practicing veterinary medicine for over 35 years. Caring for more than 19,000 patients, Dr. Pol has seen it all. Specializing in large farm animals, Dr. Pol, his family and veterinary staff also care for animals of all shapes and sizes. Each week audiences will have a chance to understand the challenges and rewards of this fulfilling profession and learn that the work doesn't end at the clinic; Dr. Pol often takes his talents to the road by helping sick or injured animals on neighboring farms and ranches. With the added benefit of Dr. Pol's expert analysis and on-screen factoids, viewers will have the opportunity to learn about the biology and behavior of various domesticated animals and livestock. Unstoppable and unflappable, this Doc is a legend in the community and provides an entertaining view of the veterinary profession. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Young, enthusiastic and passionate about food, Claire Thomas is the 22-year-old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half-hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people, and learning about different cultures. Claire serves as a role model for 13- to 16-year-old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time; sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Culture Click" is a weekly half-hour series that explores the genesis of, and reasons behind, cultural events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping-off point for a deep dive into the culture viewers 13-16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society, using the power and speed of the internet and user-generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's worth of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience "Culture Click." |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, Dr. Chris Pet Vet allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Young, enthusiastic and passionate about food, Claire Thomas is the 22-year-old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half-hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people, and learning about different cultures. Claire serves as a role model for 13- to 16-year-old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time; sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life. |

| Program Title | Lucky Dog 2 (19.1) |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturday, 10:30-11A |
| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |
