| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal Outtakes is a weekly half-hour series presenting teen viewers with amazing, unusual, and informative stories from the animal kingdom. Host Marsha Panuce visits zoos and animal sanctuaries across the United States to explore how animals are being cared for and explain the differences between the various critters. Zoo keepers and animal experts share their stories about each animal as we follow their daily routines at each facility. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Eco Company Teens" explores all aspects of being "green" and understanding how our actions impact the world. Viewers learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Eco Company Teens" explores all aspects of being "green" and understanding how our actions impact the world. Viewers learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | In this series, Charlie and Kirby explore a new topic each week to uncover the "Weird But True" science at play all around us. They inspire teens to question the HOW and WHY behind the way our world works, and encourage them to discover answers to their most curious questions. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. It is identified as an educational and informational show targeted to 13-16 year olds in listings provided to publishers and program guides. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | In this series, Charlie and Kirby explore a new topic each week to uncover the "Weird But True" science at play all around us. They inspire teens to question the HOW and WHY behind the way our world works, and encourage them to discover answers to their most curious questions. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. The program is 30 minutes in length and is close-captioned and E/I inscribed. It is identified as an educational and informational show targeted to 13-16 year olds in listings provided to publishers and program guides. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Zoo Clues" is an educational and informative half-hour, E/I program that takes viewers on a fast-paced and entertaining tour of the entire animal kingdom. Each episode delivers endless amounts of meaningful information as the show tackles some of the animal kingdom's most mind-blowing questions: Can birds fly backwards? Are whales fish? Do dogs sweat? Why do zebras have stripes and leopards spots? Questions and clues are presented, giving viewers a chance to guess the right answers. The goal of the series is to provide young viewers with a meaningful perspective of the creatures around them and valuable comparisons to their own human characteristics. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Heroes Among Us" tells the stories of people just like you and me who have chosen to make a difference in the lives of others. They are heroes that live in your community and have helped people you know. They are the unsung heroes who aren't seeking recognition or reward, but choose to act to correct injustice wherever they see it. Each episode will feature stories of courage and hope about people making a difference on every level - from the personal, to the professional, to the national stage - these ordinary people may just make a stranger's day a little brighter or they could change the world! Through reenactments and interviews we'll get to know these hometown heroes and what motivates them to do good and help their fellow humans. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Heroes Among Us" tells the stories of people just like you and me who have chosen to make a difference in the lives of others. They are heroes that live in your community and have helped people you know. They are the unsung heroes who aren't seeking recognition or reward, but choose to act to correct injustice wherever they see it. Each episode will feature stories of courage and hope about people making a difference on every level - from the personal, to the professional, to the national stage - these ordinary people may just make a stranger's day a little brighter or they could change the world! Through reenactments and interviews we'll get to know these hometown heroes and what motivates them to do good and help their fellow humans. |
