Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	XPLORATION AWESOME PLANET
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays, 7:00am-7:30am
Total times aired at regularly scheduled time	14
Total times aired	14
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Host Philippe Cousteau (grandson of famed undersea explorer Jacques Cousteau) brings energy to every location he visits while seeking to inspire and educate viewers in earth sciences. This program takes an in-depth look at the unique and distinct features on planet Earth, from magnificent mountains to erupting volcanoes. Viewers will not only behold the beauty of gigantic glaciers, but also discover why they formed and how they shaped our landscape. Geological experts share their wisdom with Philippe, as he strives to understand places on, inside, and above the Earth. (Main Digital Channel)

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week, host Emily Calandrelli takes journeys through space that will both entertain and educate viewers. Ever wonder what it would be like to live in space or on a different planet? Emily shows viewers what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars-like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the search for other life in space, and many other topics, including NASA-related programs as applicable to the episodes. (Main Digital Channel)

Program Title	AMERICA'S HEARTLAND	
Origination	Network	
Days/Times Program Regularly Scheduled	Saturdays, 8:00am-8:30am	
Total times aired at regularly scheduled time	14	
Total times aired	14	
Number of Preemptions	0	
Number of Preemptions for other than Breaking News	0	
Number of Preemptions Rescheduled	0	
Length of Program	30 mins	
Age of Target Child Audience	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. (Secondary Digital Stream)

Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Yvette Graves
Address	1901 Westwind Drive
City	Bakersfield
State	CA
Zip	93301
Telephone Number	(661) 327-7955
Email Address	ygraves@bakersfieldnow.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	KBFX-CD is proud to support the children of our community with a variety of community outreach projects. Many of our projects utilize our airwaves, in conjunction with the quarters' non-broadcast efforts: Hurricane Harvey Relief Efforts, Walk Like MADD 5K Dash, Boots and Bachelors, Tehachapi Mountain Festival, 5th Quarter, Hometown Sports, One Classroom At A Time, National Weather Association - Kern Chapter and Club/School Tours. Each week, local public service announcements specifically designed to serve the educational and informational needs of children are scheduled to air on KBFX. A few examples are: Donors Choose-this PSA highlights DonorChoose.org - a charity that has helped donors fund more than 25,000 classroom projects for teachers that have positively affected more than 23 million students across the country; Learning & Attention-this PSA brings awareness to children struggling with their education due to dyslexia and provides information for parents on ways they can help; Minority Education-this PSA encourages people to help financially support minority education due the extremely low socioeconomic levels many minorities face. Our efforts are not limited to the examples listed, and more detailed information can be obtained in the station's public file.

Program Title	AMERICA'S HEARTLAND
Origination	Network

Days/Times Program Regularly Scheduled	Saturdays, 8:00am-8:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. (Secondary Digital Stream)

Program Title	THINK BIG
Origination	Network
Days/Times Program Regularly Scheduled	Sundays, 9:00am-9:30am
Total times aired at regularly scheduled time	14
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. (Secondary Digital Stream)
