Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience, Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist, Danni Washington, exudes energy as she relate how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds, and in helicopters influenced by the dragonfly, and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers aren't the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants, architects who design living buildings, and roboticists who are making their designs bigger, stronger and faster based on animals. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	On 8/31/17, KVHP-DT2 changed networks from CW to ABC. Also, on KVHP Primary Channel, because Core Programs #5 (Xploration: DIY Sci) and #6 (Xploration: Nature Knows Best) did not air for a majority of weeks in the 3rd Quarter, neither will be counted as core or contribute to the calculation of the weekly average on the station's main stream. The resulting one-hour shortfall being reported this quarter will be made up by the inclusion of an additional hour of E/I programming in the station's 4th Quarter core programming schedule.
