Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13 to16 target audience Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist Danni Washington exudes energy as she relates how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds and in helicopters influenced by the dragonfly and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers arent the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants architects who design living buildings and roboticists who are making their designs bigger stronger and faster based on animals. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery. Xploration Nature Knows Best is a half-hour weekly EI series produced with the intention of increasing and expanding our target audience interest in the field of STEM education.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>This half hour weekly series produced for the 13 to16 target audience will certainly attract viewers of all ages. Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars like habitat. We will have episodes on space robotics, commercial space tourism asteroids and our search for life among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. Xploration Outer Space is a half hour weekly EI series produced with the intention of increasing and expanding our target audience interest in the field of STEM education.</p>
