Transition
Plan**

Question		Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.		Yes
Briefly describe transition plan		A single, top-mounted antenna will be installed to handle both D24 (WPME) and D34 (WPXT), along with a side mounted antenna to initially serve as a temporary antenna for the existing D35 (WPME) and D43 (WPXT) during the transition.
