Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild Wonders is a weekly half-hour reality series allowing teen viewers to become familiar with various wild animals at the world famous San Diego Zoo. The series focuses on various critters and examines their differences. The program also provides important information about each animal's living habits and includes interviews with people who care for them. In one episode, viewers learn about the unique relationship between a cheetah and a dog. Another episode spotlights the various eating habits of different animals. This program educates viewers on the life in the animal kingdom. Young viewers will learn and understand how animals survive in a human world and more importantly their minds will open up to new and spectacular animals.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Calimero is an animated series about a black chick born to a family of yellow chickens. The cartoon, based on the classic Italian character created in the 60's, features Calimero hanging out with his "special" friend Priscilla, and his friends Piero and Valeriano. Together they go to school, learn new things, and have adventures together in the town of Bellagio. The close friends readily express their loyalty to each other, even if they have different personalities. Meanwhile, issues like bullying, problem solving, and even sexism are dealt with in Calimero in ways that are easy to understand for small children. This contemporary installment of the retro classic, which has aired all over the world in various languages, sends the message that being different isn't a bad thing.
