Digital Core
Programming

| Question | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 3.5 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 336.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 9.5 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each week, host Emily Calandrelli takes journeys through space that will both entertain and educate viewers. Ever wonder what it would be like to live in space or on a different planet? Emily shows viewers what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the search for other life in space, and many other topics, including NASA-related programs as applicable to the episodes. This program airs on the main digital stream. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North Americas animal species. This program aired on the main digital stream. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. America's Heartland provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program airs on the secondary digital stream 4.2. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Think Big is a kid hosted entertaining series for young people that follows the worlds most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program airs on the secondary digital stream 4.2. |

| <p>Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p> | <p>During the first quarter of 2018, KBTv FOX4, was an active participant in our Southeast Texas community through events, public service announcements tours and community outreach initiatives. KBTv aired programming specifically designed to serve the educational and informational needs of children. In addition to scheduled programming for children, KBTv aired public service announcements, directed specifically at children, with the objective of helping our community. These public service announcements are provided by national organizations, but KBTv also sponsors supports local events. More than one thousand children, adults, educators, and community leaders, including KBTv Investigative Reporter Angel San Juan, attended the 37th annual MLK Jr. brunch in Port Arthur, Texas. Lumberton Girl Scouts checked out behind the scenes and watched a newscast on their tour of the KBTv Studios. KBTv News anchor Tiffany Murphy helped raise nearly 100,000 for the Beaumont Junior League. Monies raised will help support a variety of projects, including teaching children to successfully start their own business. The KBTv staff hosted 10 year old Isaac Nichols, recipient of our Reporter for A Day prize package. Isaac worked with Managing Editor Tom Wright to produce a newscast featuring Isaacs interests and projects. Together they selected and wrote stories, taped Isaac on the set, and introed a story about toys on our magazine style program, Southeast Texas Live. Isaacs parents were the high bidder in a silent auction benefiting the Garth House, a local charity that works with law enforcement to provide a safe environment to get police statements from abused children. KBTv participated in Mock Job Interview Day with Ozen High School juniors and seniors. Staff acted as mentors to train students how to interview for a job, and maintain composure under duress. The OUTSTANDING EDUCATOR AWARD & the FOCUS ON EDUCATION AWARD are sponsored by local business, and honor teachers nominated by students and parents every month on THE MORNING SHOW. KFDMKBTv News Anchor Tiffany Murphy shot a public service announcement with 5 year old heart surgery survivor Eloise, the honoree at the 2018 American Heart Association Heart Ball. Tiffany also hosted the Rubber Ducky Derby, benefiting the children of The Shorkey Center in Beaumont, Texas. Loosely based on the Kentucky Derby, money raised benefits developmentally disabled children in Southeast Texas. In February, KBTv and sister station KFDM hosted a Town Hall Meeting designed to call attention to the slow pace of recovery in our area from Tropical Storm Harvey. Thousands of Southeast Texas children and families were affected by the catastrophic storm, forcing families to relocate and rebuild. KBTv FOX 4 Beaumont participated in the annual Youth Solutions Southeast Texas Job Fair. Representatives from the station showcased newsroom careers and opportunities. High School seniors from across our area learned how to prepare for different jobs available in broadcast TV. We participated in Taste of the Triangle, a family friendly community fund-raiser celebrating the foods of the Golden Triangle, and Mardi Gras. As partners of Lamar University, we encourage children to participate in sports and the arts by sponsoring programs at the university. Our Pay It Forward news segment honors local volunteers, including young people, who reach out to help our community. We also participate in the NAB Don't Drink and Drive roadblock, and run these PSAs throughout the holiday, and throughout the year. We were primary sponsors of Adopt a Beach, Gift of Life, Crimestoppers, Baptist Hospital LaSoiree. National PSAs aimed at children include bicycle safety, student aid, leukemia treatments, cell phone safety, anti drunk driving campaign, children's advocacy spots like Autism Awareness and the National Childrens Alliance, as well as the Gary Sinise Foundation, A Wonderful World Value, Shelter Adopt a Pet, Special Athlete Values, Texas 811, Its the Law, Loyalty, Pass It On, Forgiveness Values, United Way NFL Play, Just Say Hi Values, Stop Texts Wrecks Afterlife, Keep America Beautiful, Stop Texts Stop Wrecks Unlucky, and Discover the Forest.</p> |

| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 13 years to 16 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program will air on the secondary digital stream 4.2 |
