Describe the educational and informational objective of the program and how it meets the definition of Core Programming.		Animals are a popular subject of TV shows, including shows that take a look at the behavior of the creatures. "Animal Science" goes a step further than that by examining the science behind the behaviors, which explains how and why an animal is able to excel in its environment. The half-hour program uses information from researchers, animations and graphics to help viewers better understand the creatures and their actions.
