Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience, Xploration Awesome planet will inspire and educate anyone interested in earth sciences. Our host Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chicken Soup for the Soul's Hidden Heroes, hosted by Brooke Burke-Charvet, is a television series developed for teens in which each episode reveals everyday people showing compassion and kindness towards strangers simply out of the goodness of their hearts. They are not looking for recognition but we believe their amazing stories deserve to be told. Viewers will learn that volunteering, philanthropy, and giving back to the community are within everyone's reach.
