Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.		The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America's animal species. This program aired on our main digital channel.
