Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	11.5
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the worlds most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. Program aired on fourth digital stream 56.4.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. Program aired on fourth digital channel 56.4.

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Rick White
Address	836 Euclid Avenue
City	Lexington
State	KY
Zip	40502
Telephone Number	(614) 481-6675
Email Address	rwhite@sbgnet.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	During the past quarter, WDKY-TV telecast numerous public service announcements aimed at children 16 years of age and under. We also air on a regular basis PSAs provided to us by The Ad Council and Drug Free America, which are geared toward children. Our PSAs are designed for a general audience, but also serve children 16 years of age and under and address issues such as: mental health, healthy eating, dental health, anti-drug education, the environment, education, child and teen socialization, adoption, staying in school, not driving drunk, not texting while driving, and boys' and girls' towns. Our general audience programs, which also serve children 16 years of age and under, include our local news which airs Monday-Friday @ 7am and Monday-Sunday at 10pm.

Program Title	The Re-Inventors
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 11:30AM-12PM
Total times aired at regularly scheduled time	13
Length of Program	60 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Over more than 500 years, tens of millions of patents for products have been issued, but some are lost to history, and most don't achieve the success of, say, the telephone. Hosts Matt Hunter and Jeremy MacPherson dig up some of those of yore to see how the ideas would fare in the modern world. The guys work with a team to examine original blueprints, build prototypes and test the inventions to see how well they work. Some that the hosts want to tackle are a submarine from the late 1500s, a 14th-century machine using wind power to propel a wagon, and a 1950s design combining a Ford Thunderbird with airplane parts to make a flying car. Program airs on tertiary digital stream.

Program Title	America's Heartland
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 8-8:30AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. Program airs on fourth digital stream 56.4.
Other Matters (20 of 24)	
Program Title	Dog Tales
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 8:30-9AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each episode of Dog Tales profiles a breed of dog, its history, popularity and characteristics. Viewers will learn the differences in dogs and how those differences affect their lives. Viewers are shown families who own particular breeds, how they interact with their dogs, and how they are a valuable part of the family. Several dog experts explain the various dogs needs, health, nutrition requirements, safety, and care. Program airs on fourth digital stream 56.4.

Program Title	Think Big
Origination	Network
Days/Times Program Regularly Scheduled	Sundays / 9-9:30AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the worlds most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. Program airs on fourth digital stream 56.4.
