Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	4.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half-hour weekly series, Sea Rescue, features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Produced for ages 13-16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real-life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"The Coolest Places on Earth" is an educational and informative half-hour, E/I program that takes young viewers on a journey of discovery to the most astonishing places on the planet - cities, festivals, landmarks and jaw-dropping works of nature - exploring each location's history and culture. Each episode showcases three specific locations and delivers fast-paced, engaging information that's a perfect match for the 21st century learner. The series is packed with facts about history, geography, and culture. The goal of the series is to provide young viewers with the inspiration and information to better understand and appreciate the culturally and geographically diverse world around them.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Rock the Park is a weekly half-hour series produced and designed to educate and inform children 13-16 years of age and taps into America's love affair with our national parks. In this awe-inspiring and entertaining series our hosts, Jack Steward and Colton Smith, come face to face with nature and some of the most amazing places on earth. Viewers will witness the fascinating underwater world of Dry Tortugas National Park in Florida, which is home to the world's most unique coral and marine life. They'll watch as Jack and Colton raft their way through Alaska's remote Aniakchak National Monument and Preserve, spotting the region's famous brown bears. Viewers will reach new heights as Jack and Colton embark on their biggest climbing challenge yet - The Grand Teton in Wyoming's Grand Teton National Park.
