Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Total times aired at regularly scheduled time	25
Total times aired	25
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer, Brandon McMillan operates a training facility known as the Lucky Dog Ranch where his mission is to rescue hard-to love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the theme of rescuing these animals from death and providing a second chance for life. In order to accomplish his goal, McMillan must investigate what each animal needs to find the appropriate method to retrain them so that they will make welcome members in a family. Through watching his interaction with these animals, the viewer is encouraged to be sensitive to our own and other's behavior as well as showing how we as individuals can make a difference. This program aired on the main digital stream.
Does the Licensee identify the program by displaying throughout the program the symbol E /I?	Yes

Digital Core Program (2 of 14)		Response
Program Title	Dr. Chris Pet Vet	
Origination	Network	
Days/Times Program Regularly Scheduled	Saturdays, 9:30am (1/1/18-3/31/18)	
Total times aired at regularly scheduled time	13

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In this program, animal behaviorist Cesar Milan works to rehabilitate dogs with behavior problems. Viewers will become educated about canine training and creating a healthy environment for dogs. Milan goes directly into the homes of the dog owners and documents the transformations that occur. By offering suggestions to modify their own behaviors, Milan assists the dogs human families to achieve responsible pet ownership, and a balanced and a natural relationship with their pets. This program aired on the secondary digital stream (6.2).

Email Address	mcdiehlmann@sbgtn.com

<p>Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>As a part of our service to the community in first quarter, 2018, KFDM-TV reserves a certain number of commercial availabilities for public service announcements. These spots are normally provided to us through National organizations, but we also sponsor and support local events, on-air, and through community outreach and partnerships. The OUTSTANDING EDUCATOR AWARD and FOCUS ON EDUCATION are two news franchises that can be found on THE MORNING SHOW. The franchises are sponsored by local business, and honors teachers nominated by students and parents. More than one thousand children, adults, educators, and community leaders, including KFDM Investigative Reporter Angel San Juan, attended the 37th annual MLK Jr. brunch in Port Arthur, Texas. Lumberton Girl Scouts checked out behind the scenes, watched a newscast and participated in a Q and A session with broadcast news professionals, during a tour of the KFDM Studios. KFDM News anchor Tiffany Murphy helped raise nearly 100,000 for the Beaumont Junior League. Monies raised will help support a variety of projects, including teaching children to successfully start their own business and providing relief to children and families devastated by Hurricane Harvey. The KFDM staff hosted 10 year old Isaac Nichols, recipient of our Reporter for A Day prize package. Isaac worked with Managing Editor Tom Wright and Creative Services Director Gina Hinson, to produce a news segment featuring Isaacs interests and projects. Together they selected and wrote stories, taped Isaac on the set, and introd a story about toys on our magazine style program, Southeast Texas Live. Isaacs parents were the high bidder in a silent auction benefiting the Garth House, a local charity that works with law enforcement to provide a safe environment to get police statements from abused children. KFDM Local Sales Manager Susie Fontenot and Creative Services Director Gina Hinson participated in Mock Job Interview Day with Ozen High School juniors and seniors. Staff acted as mentors to train students how to interview for a job, and maintain composure under duress. KFDM News Anchor Tiffany Murphy shot a public service announcement with 5 year old heart surgery survivor Eloise, the honoree at the 2018 American Heart Association Heart Ball. Tiffany also hosted the Rubber Ducky Derby, benefiting the children of The Shorkey Center in Beaumont, Texas. Loosely based on the Kentucky Derby, money raised benefits developmentally disabled children in Southeast Texas. In February, KFDM-FOX4 hosted a Town Hall Meeting designed to call attention to the slow pace of recovery in our area from Tropical Storm Harvey. Thousands of Southeast Texas children and families were affected by the catastrophic storm, forcing families to relocate and rebuild. KFDM in Beaumont participated in the annual Youth Solutions Southeast Texas Job Fair. Representatives from the station, including Meteorologist Dana Melancon and Producer and Director Darryl Corley showcased newsroom careers and opportunities. High School seniors from across our area learned how to prepare for different jobs available in broadcast TV. KFDM participated in Taste of the Triangle, a family friendly community fund-raiser celebrating the foods of the Golden Triangle, and Mardi Gras. Our Pay It Forward news segment honors local volunteers, including young people, who reach out to help our community. As partners of Lamar University, we encourage children to participate in sports and the arts by sponsoring programs at the university. We also participate in the NAB Dont Drink and Drive roadblock, and run these PSAs throughout the January, and throughout the year. We also participating in the NAB Dont Drink and Drive roadblock, and run these PSAs throughout the year. National PSAs aimed at children include bicycle safety, student aid, leukemia treatments, cell phone safety, anti -drunk driving campaign, childrens advocacy spots like Autism Awareness and the National Childrens Alliance, as well as as well as the Gary Sinise Foundation, A Wonderful World Value, Shelter or Adopt a Pet, Special Athlete Values, Texas 8-1-1, Its the Law, Loyalty, Pass It On, Forgiveness Values, United Way NFL Play, Just Say Hi Values, Stop Texts Wrecks Afterlife, Keep America Beautiful, Stop Texts Stop Wrecks Unlucky, and Discover the Forest.</p>

Origination	Network
Days/Times Program Regularly Scheduled	Sundays, 7:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	PET VET DREAM TEAM is a live action, half hour television program designed to meet the educational and informational needs of children aged 13-16. PET VET DREAM TEAM follows talented veterinarians Dr. Lisa Chimes and Dr. Andrew Marchevsky of the Small Animal Specialist Hospital, where they deal with compelling cases of infirm and injured pets. Viewers also see exotic animal expert Tim Faulkner in action at the Australian Reptile Park, where he cares for animals big and small, from crocodiles to koalas. Together, these three authorities race to cure their furry and feathered charges, educating viewers on a range of medical procedures and zoological practices along the way. As viewers catch a behind-the-scenes look at the veterinary profession, they also learn responsibility and empathy for animals of all kinds through the passionate work of the PET VET DREAM TEAM. This show will air on the main digital stream.

Program Title	The Re-Inventors
Origination	Network
Days/Times Program Regularly Scheduled	Saturday/ 10:30am
Total times aired at regularly scheduled time	13

Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Over more than 500 years, tens of millions of patents for products have been issued, but some are lost to history, and most dont achieve the success of, say, the telephone. Hosts Matt Hunter and Jeremy MacPherson dig up some of those of yore to see how the ideas would fare in the modern world. The guys work with a team to examine original blueprints, build prototypes and test the inventions to see how well they work. Some that the hosts want to tackle are a submarine from the late 1500s, a 14th-century machine using wind power to propel a wagon, and a 1950s design combining a Ford Thunderbird with airplane parts to make a flying car. This program will air on the tertiary digital stream (6.3).
