Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A whole new generation has made the environment, climate change and going green their cause. Eco Company was created to chronicle the passions of this new generation and to answer their questions. Eco Company is a national TV show hosted by a dynamic and diverse group of teens who combine their natural curiosity with their enthusiasm for preserving the planet they will inherit. Each week Eco Company explores all aspects of being green and understanding how we impact our world. The E-Co Team reports on the latest developments in renewable energies and alternative fuels. They explore organic processes and learn how conservation and recycling can have an impact on reducing our carbon footprint. Most of all, Eco Company profiles individual teens and organizations who are making a difference. These inspirational stories showcase teens who have made a commitment to being green and to having an impact on their schools, in their communities, in their homes and in their personal lives. Often their impact goes beyond their own communities. That is what Eco Company is all about. Eco Company also provides Eco-Wise tips that provide practical ways in which teens and people of all ages can contribute to a sustainable planet. Finally, Eco Company gives teens, wherever we find them, the opportunity to sound off about being green.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Zoo Clues has infinite visual richness, animal characteristics, and wild range of animal behaviors. Beyond its target audience, both older and younger audiences should find this look across the amazing world of animals fascinating. Beyond basic engagement, Zoo Clues will leave viewers with a meaningful perspective about animals and meaningful comparisons to their own human characteristics. The variety of the animal kingdom is truly odd and bizarre enough to read like fiction, but the clever narration of Zoo Clues links disparate information together in a way that always makes clear that what viewers see is real, natural, and relates to their own life in the real world.
