See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>KFMB TV airs a number of Public Service Announcements, other than those listed elsewhere in this report, which serve the educational and informational needs of children 16 years of age and under. Organizations /topics include: drug/alcohol prevention tips targeting children and teens and crime prevention, environmental protection and violence prevention, safe texting and literacy. In addition, the station airs a variety of local and network news and public affairs programs. These generally present a mix of local, regional, state, national and international news plus weather, sports, health, education and features. In the station's judgement, certain portions of these news programs can further the development of the cognitive or intellectual needs of older children. In addition, KFMB TV has a variety of year-round, on-air and outreach projects targeting children: 1) ADOPT 8 - KFMB TV partners with San Diego County Health and Human Services to find forever homes for children in the San Diego County Foster System. KFMB TV airs weekly profiles on children who are currently in the Foster Care System waiting to be adopted, along with Public Service Announcements. While the "on air" stories and PSAs target adults, the ultimate goal of the project is to help "hard to place" children find their forever families. Since the program's inception in 1999, more than 1000 plus Adopt 8 foster children have been placed in "forever families." In addition, San Diego County Health and Human Services has placed other children in permanent homes as a result of the Adopt 8 "on air" awareness campaign. San Diego County Health and Human Services sponsors this project. 2) EARTH 8-KFMB TV partners with Birch Aquarium at the Scripps Institution of Oceanography at University of California, San Diego to educate the community about care and stewardship of the planet. Earth 8 includes news segments with leaders in research and conservation and monthly in-depth, field produced stories. Topics have included: water conservation, climate change, earth friendly tips, stewardship, gray whales, air quality, and endangered sea and animal life.
