Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Total times aired	13
Number of Preemptions	1
Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The program topic is suitable for both the secondary classroom and general audience with content addressing several academic outcomes designated by both state and national life science standards. Shot from a number of photographic perspectives, the viewer is introduced to the biodiversity of the area, how animals are adapted to the environment, and the changes humans have imposed on the environment as well as the positive impact of local conservation efforts in the region. While Jack Hanna introduces the habitat and the wildlife, regional guides are given the 'expert' status and the viewer becomes engaged in the natural environment with the same enthusiasm as Jack's family. The sub-note feature added educational value to the program content and enhanced the scientific foundation. It is also important to note that in addition to the educational content of the program, Jack brings the affective aspect to wildlife education, engaging the emotional appeal of the wild animals and the conservation message to encourage the audience to take an active interest in preserving wildlife. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment enforces the educational value and impact of the program. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 7am; (3) it is regularly scheduled on Sundays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Does the Licensee identify the program by displaying throughout the program the symbol E /I?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids Adventures provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the Earth. Aqua Kids Adventures provides kids with a way to learn about the diversity of marine animals around the world and the importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators, Aqua Kids Adventures encourages children to take an active role in protecting the future of their communities and the world. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 11am; (3) it is regularly scheduled on Fridays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half hour weekly series, Sea Rescue, features the rescue, rehabilitation and, in many instances, release back into the wild of ocean wildlife. Produced for ages 13 to 16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there is a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 10:30am; (3) it is regularly scheduled on Saturday; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C. F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Danielle Lisle
Address	2625 S. Memorial Drive
City	Tulsa
State	OK
Zip	94129
Telephone Number	(918) 491-0023
Email Address	dlisle@fox23.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F. R. Section 73.671, NOTES 2 and 3.	After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that it fully complied with the FCC's commercial limits, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically intended for children ages twelve and under. KMYT-TV has made efforts to address educational and informational this Quarter: (1) KMYT-TV regularly gave tours to school children of all ages to educate and inform them on how shows and News reach their TV sets. (2) PSAs aired on KMYT-TV were geared towards children 16 and under. Topics included but not limited to were: Oral Health, Drinking and Driving, Teen Suicide Prevention, Boys and Girls Clubs, Pet Adoption and No Forest Fires. The preemptions of Young Icons and Biz Kids on Saturday 6/16 & 6/23 and Jack Hanna's Into the Wild and Career Day on Sunday, 6/17 were caused by moving the KOKI FOX 23 Morning News from KOKI to KMYT due to FOX Sports on KOKI and the station wanting to keep local news available to the community.

Program Title	Jack Hanna's Into The Wild (41.1)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays at 7:00AM-11:30AM (7/1/18-9/30/18)
Total times aired at regularly scheduled time	14
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The program topic is suitable for both the secondary classroom and general audience with content addressing several academic outcomes designated by both state and national life science standards. Shot from a number of photographic perspectives, the viewer is introduced to the biodiversity of the area, how animals are adapted to the environment, and the changes humans have imposed on the environment as well as the positive impact of local conservation efforts in the region. While Jack Hanna introduces the habitat and the wildlife, regional guides are given the 'expert' status and the viewer becomes engaged in the natural environment with the same enthusiasm as Jack's family. The sub-note feature added educational value to the program content and enhanced the scientific foundation. It is also important to note that in addition to the educational content of the program, Jack brings the affective aspect to wildlife education, engaging the emotional appeal of the wild animals and the conservation message to encourage the audience to take an active interest in preserving wildlife. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment enforces the educational value and impact of the program. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 7am; (3) it is regularly scheduled on Sundays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Aqua Kids Adventures provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the Earth. Aqua Kids Adventures provides kids with a way to learn about the diversity of marine animals around the world and the importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators, Aqua Kids Adventures encourages children to take an active role in protecting the future of their communities and the world. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 11am; (3) it is regularly scheduled on Fridays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half hour weekly series, Sea Rescue, features the rescue, rehabilitation and, in many instances, release back into the wild of ocean wildlife. Produced for ages 13 to 16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there is a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 10:30am; (3) it is regularly scheduled on Saturday; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.
