| Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3. | During the second Quarter of 2018, WVTM-TV scheduled 8 Teen Kids News Special Edition episodes of the regularly scheduled core children's program Teen Kids News. These aired in back-to-back time slots, to create a "mini-marathon" of the program on April 15th, April 22nd, June 17th, and June 24th. These mini-marathons aired during the program's "second home" time slots (but they were not reschedulings of preempted episodes) and helped to promote the audience awareness of the program and further educate and inform the teen audience of important news stories in the second Quarter of 2018. These additional core episodes were promoted via on-air crawls, and the television listing services were notified in advance of their scheduling. One or more episodes of children's programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unrescheduled preemptions, and FCC Staff has advised that no preemption report for such unrescheduled episodes is necessary. |
