Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Safari provides core programming in the areas of global ecology, wildlife biology and species conservation and preservation. Emmy award winning host and wildlife expert John Ross travels to the farthest reaches of the world to bring the viewers face to face with some of the planet's most interesting animals. Safari offers a dynamic television experience for teens with the exciting experience of exploring the fascinating world of wildlife and at the same time discovering what needs to be done to protect the animals and their habitat so that they can live on in the wild. Various age appropriate global wildlife and ecology issues are introduced to the viewing audience with in depth and thoughtful explanations.
