Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	On 4/21/18, a network special report interrupted children's programming. The last minute of The Wildlife Docs was cut off, but because the show aired almost in its entirety, we included that as a regular scheduled program. Rock the Park and Vacation Creation were completely preempted as noted in our report. The last three minutes of Made in Hollywood Teen Edition aired, but because most of the show didn't air, we counted this as a preemption. On 4/28/18, the network scheduled so much programming there was no place to reschedule three of our children's programs. On 5/19/18, two children's programs were preempted due to network coverage of the Royal Wedding. Those two shows were able to be rescheduled.
