Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	0.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	0.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	DragonflyTV is an Emmy Award winning multi-media science education program combining television, community outreach, the Web, and fun. Produced by Twin Cities Public Television (TPT), creator of the long-running family science series Newton's Apple, DragonflyTV engages tens of millions of children, parents and teachers in accessible, hands-on science activities. DragonflyTV is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, DragonflyTV shows that if kids can dream it, they can do it!

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Teen Kids News is an international 1/2 hour weekly program that is informative, educational and entertaining. The show has been on the air since 2003, and given how many people watch it and love it, the show will be on forever. Teen Kids News (TKN) highlights stories about kids doing amazing things and helping to make the world a better place. In addition, the TKN reporters on the show (who are, of course, all kids!) report on everything that is fun, interesting or important about our world. These stories range from how to deal with bullying to kids who fly planes to tips on getting into college to how to start a business.

Days/Times Program Regularly Scheduled	Saturday 7:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Dragonfly TV" is a weekly half-hour science television series that meets the educational and informational objectives of the FCC's Childrens Programming requirements for children ages 13-16. The programs highlight children "doing" projects with real hands-on experience and demonstrates practical applications of mathematics and science. It introduces young viewers to a variety of scientific disciplines and challenges them in critical thinking and problem solving skills, while providing valuable information to reach answers. Each episode is engaging, entertaining and educational in structure, allowing children to investigate science on their own.
