Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Culture Click kids to concepts of subjects like American history, Greek mythology, and architecture by relating them to modern pop culture. Viewers of all ages (yes, even adults) will learn a lot of intriguing trivia about a variety of topics, and the show's unique flowchart style draws surprising -- and thus very memorable -- connections between the topics. (Justin Bieber and Cleopatra? Really?)</p> <p>This isn't a show that's immersed in bookish knowledge, but tweens may be inspired to learn more about a subject or two that piques their interest.</p>
