Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A significant purpose and key educational objective of this program is to teach young children all there is to know about life science. Each episode tackles a dozen or more mind-blowing and interesting questions concerning animals and their habitat. The show is a standard question and answer format to help test how much young people really know. The investigation of the answers takes viewers on a fast-paced and entertaining tour of the amazing animal kingdom. The show explains every answer so that young viewers are able to retain and understand the information provided. The Network preempted this children's program on the dates and times listed below to broadcast the 2013 Formula One World Championship. This motor racing championship is recognized by the sport's governing body, the Federation Internationale de l'Automobile (FIA), as the highest class of competition for open-wheel racing cars.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big features top kid inventors who face off against each other in an Invent Off to see who can come up with the most innovative and creative invention. Each episode is set in the Think Tank, a studio filled top to bottom with art supplies and construction materials. Two teams, each led by a Featured Inventor, brainstorm, choose materials, and then sketch, design and build their idea. Once completed, the competing inventions are presented to a judge. The best invention wins bragging rights and the coveted Genius Cup. In Think Big, kids acquire and showcase their skills in creativity, science, innovation, marketing, design and teamwork. May the brightest mind win. Think Big is a kid hosted entertaining series for young people following the world's most innovative kids as they create and invent new toys, games, learning tools, websites and new modes of transportation. Some even start their own companies.
