Program Title	LUCKY DOG (main digital channel 11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 9:00-9:30AM (7/7-9/29/18)
Total times aired at regularly scheduled time	11
Total times aired	12
Number of Preemptions	2
Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. The program is specifically designed to further the educational and informational needs of children, had educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. LUCKY DOG aired on WTOL's main digital channel throughout the 3rd quarter 2018 with the following exceptions - On Saturday, 9/1/18, the regularly-scheduled episode of LUCKY DOG was preempted due to breaking news coverage of the funeral of Senator John McCain on CBS. On Saturday, 9/29/18, the regularly-scheduled episode of LUCKY DOG was preempted by extended WTOL news coverage of the 2018 Findlay (OH) Komen Race for the Cure. Preempted episode was rescheduled to designated "2nd home" and was aired on Sat, 9/29/18 from 12-12:30PM ET. Outside publications were notified in advance of the preemption and program crawls were aired within all E/I programming on Sat, 9/22 (9AM-12PM) and again on Sat, 9/29 (9AM-12PM).</p>

Number of Preemptions Rescheduled	0
Length of Program	30 mins

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian faces daily. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such, the show not only offers a view into careers and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. DR CHRIS PET VET aired on WTOL's main digital channel throughout the 3rd quarter 2018 with the following exception - On Saturday, 9/1/18, the regularly-scheduled episode of DR CHRIS PET VET was preempted due to breaking news coverage of the funeral of Senator John McCain on CBS.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This live action series (based on the comic strip You Can with Beakman by Jok Church) proves that learning about science and nature can be fun and fascinating. Performance artist Paul Zaloom stars as the slightly nutty but never boring scientist whose answers to kids' questions reveal the relationships between principles of science and nature and how they impact our daily environment. Topics are addressed with cutting-edge humor and state-of-the-art visuals designed to make learning fun. Joining Beakman in his quest onward for science are Josie (Alanna Ubach), his bright young apprentice, and an oversize, sarcastic rat named Lester (Mark Ritts). Watching the show on their South Pole TV set are penguins Herb and Don, a cynical duo who provide comments and quips as Beakman struts his scientific stuff. BEAKMAN'S WORLD - I aired on WTOL's secondary digital channel ("Me-TV") throughout the 3rd quarter 2018.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. The program is specifically designed to further the educational and informational needs of children, had educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. LUCKY DOG will air on WTOL's main digital channel in the 4th quarter 2018.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chronicling the adventures of Dr. Chris Brown, the program allows viewers a unique insight into the life of one of the world's busiest vets and the animals he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such, the show not only offers a view into careers and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This half-hour weekly series features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Produced for ages 13-16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide to animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real-life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet. SEA RESCUE - I will air on WTOL's tertiary channel ("Grit-TV") in the 4th quarter 2018.
