Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	Calimero
Origination	Network
Days/Times Program Regularly Scheduled	Sat 08:00AM & 08:30AM
Total times aired at regularly scheduled time	26
Total times aired	26
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	3 years to 7 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Calimero is an animated series about a black chick, born to a family of yellow chickens. The cartoon, based on the classic italian character created in the 60's, features Calimero hanging out with his "special" friend Priscilla and his friends Piero and Velariano. Together they go to school, learn new things and have adventures together in the town of Bellagio. The close friends readily express their loyalty to each other, even if they have different personalities. Meanwhile, issues like bullying, problem solving and even sexism are dealt with in Calimero, in ways that are easy to understand for young children. This contemporary installment of the retro classic, which has aired all over the world in various languages, sends the message that being different isn't a bad thing.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This half-hour weekly series produced for the 13-16 target audience will certainly attract viewers of all ages. Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown.

Program Title	The Re-Inventors - Charge 7.4
Origination	Network
Days/Times Program Regularly Scheduled	Sat 8:30AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Re-Inventors is a weekly half-hour science television series that follows hosts Matt Hunter and Jeremy MacPherson as they dig up original patent designs from history's lost inventions and build them, test them, and try to make them work. From a snow annihilator from the 1930s to a Chinese dragon rocket over 600 years old to a solar powered crematorium, Matt and Jeremy take viewers through the strange and entertaining world of invention. Each episode introduces young viewers to a variety of scientific disciplines and challenges them in critical thinking and problem solving skills, while providing valuable information to reach answers. Each episode is engaging, entertaining and educational.
