Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>KING 5.1 KIDS PROGRAMMING NOTES: NBC has made some changes to 'The More You Know' children's programs in fourth quarter 2018 and first quarter 2019. 'Vets Saving Pets' debuted on Saturday, October 6th at 3:30 PM. This show examines the interpersonal stories of veterinary professionals working to save the lives of animals in need of urgent medical care. Beginning Saturday, January 5, 2019 at 3:30 PM, NBC is replacing 'Vets Saving Pets' with 'Earth Odyssey with Dylan Dreyer'. This live action program takes viewers on an incredible journey to the wildest points on the globe, uncovering the connection between the environment, the wildlife, and the human beings that surround them. One last note - 'Consumer 101' debuted on Sunday, October 7th at 3:00 PM. 'Consumer 101' gives viewers a behind-the-scenes look into the science used to test every kind of product - from the obscure, to the fascinating, to the everyday. All of these NBC shows are designed to meet the educational and informational needs of children between the ages of 13 to 16. CORE KID PROGRAM PREEMPTS, BREAKING NEWS, LATE STARTS AND MAKE-GOODS ON KING 5.1 FOURTH QUARTER 2018: Saturday, October 13, 'Voyager with Josh Garcia' was moved from its primary time on Saturday at 3:00P to 7:00P that same day to protect it from being joined-in-progress if NBC's Pittsburgh at Notre Dame college football game went beyond its scheduled end time of 3:00P. Side note: the Pittsburgh-Notre Dame football game ended on time at 3:00P on 10/13, and 'Voyager' aired at 7:00P. Sunday, October 28, breaking news preemption of 'Naturally, Danny Seo' from 3:30-4:00P to enable us to broadcast 'NBC Nightly News with Lester Holt' from 3:30-4:00P instead of our normal children's program. NBC's Lester Holt anchored the national newscast from Pittsburgh, Pennsylvania, and reported on the mass shooting that occurred Saturday, October 27th at the Tree of Life Synagogue in Pittsburgh. That preempted October 28th episode of 'Naturally, Danny Seo' due to breaking news, was made good the following week on KING 5.1 on Saturday, November 3rd at 7:30P in its second home. Saturday, November 10th, NBC's football coverage of Florida State at Notre Dame from 4:30-8:00P preempted the primary home for 'Biz Kids' (Saturday's at 4:30P). That preempted November 10th episode of 'Biz Kids' was made good on Saturday, November 17th at 9:30A. Sunday, November 11th, NBC's Monster Energy NASCAR Cup Series: Phoenix aired 11 minutes over its scheduled end time (11:30A - 3:11P). Consumer 101 was joined-in-progress at 3:12P. That substantially preempted Consumer 101 episode from 11/11 was made good Saturday 11/17 at 10:30A. Saturday, 11/17 at 10:00A, we aired an extra run of the same episode of Voyager with Josh Garcia that aired that same day (11/17) at 3:01:30P. Also on Saturday, 11/17, at 11:00A, we aired an extra run of the same episode of Vets Saving Pets that aired that same day (11/17) at 3:30P. The final noteworthy moment on Saturday, 11/17: NBC's coverage of the Shamrock Series (Syracuse vs. Notre Dame football at Yankee Stadium) started at 11:30A and went a little longer than expected, ending at 3:00:25P. As a result, "Voyager with Josh Garcia" started at 3:01:30P, but aired in its entirety because master control dropped local promos and PSA's inside the Voyager show. The next kids show (Vets Saving Pets) started slightly later than normal at 3:30:15P, but also aired in its entirety with internal local promos and PSA's inside the Vets kid show deleted to make up time. Sunday, 11/18, NBC's Monster Energy NASCAR Cup Series: Homestead, Florida from 12:00 - 4:00P, preempted the normally scheduled Sunday kid shows at 3:00P (Consumer 101) and 3:30P (Naturally, Danny Seo). Both preempted kid shows from 11/18 were made good on Saturday, 11/17 (7:00P for Consumer 101 and 7:30P for Naturally, Danny Seo). BROADCAST ENHANCEMENT EFFORTS ON KING-DT 5.1. FIRST ALERT SCHOOL NET: More than 100 Washington schools (elementary, junior high and high school) are an important part of KING 5's weather reporting. The weather network consists of computerized weather stations located at schools that calculate wind speed, precipitation, temperature, and other basic weather information. These weather stations are on-line with KING 5's weather system and the National Weather Service, and provide the most accurate and current weather information available in Washington State. First Alert School Net reports are included in each KING 5 newscast. The School Net is of great educational benefit as a hands-on learning opportunity. In the classroom, students use the weathernet stations to learn about weather metrics and incorporate meteorology into their science curriculum. They can bring weather forecasting to their own neighborhoods.</p>
