The Preparer is same as the reimbursement contact.

| Broadcaster                              | Question  | Response  |
|--|---|---|
| Information<br>and<br>Transition<br>Plan | Will the station be sharing equipment with<br>another broadcast television station or stations<br>(e.g., a shared antenna, co-location on a<br>tower, use of the same transmitter room,<br>multiple transmitters feeding a combiner,<br>etc.)? If yes, enter the facility ID's of the other<br>stations and click 'prefill' to download those<br>stations' licensing information. | Yes   |
|  | Briefly describe transition plan  | The FCC allocated us two frequencies that<br>aren't adjacent to each other (16 & 32). This<br>combination will require 4 antennas and 4<br>feedlines . The existing tower will not support<br>that much weight. We request to construct a<br>new tower with a "T" top design. |
