Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Nye's TV persona is a tall and slender scientist wearing a blue lab coat and a bow-tie. He combines the serious science of everyday things with fast-paced action and humor. Most half-hour episodes contain a mock song parody and music video in the Soundtrack of Science by Not That Bad Records. Not that bad is a catchphrase that Nye will often say in those episodes, substituting a scientific roundup of the episode for the lyrics to a popular song.

Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Cynthia Johnson

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	During the Fourth Quarter of 2018, WVTM-TV scheduled 6 Teen Kids News Special Edition episodes of the regularly scheduled core children's program Teen Kids News. These aired in back-to-back time slots, to create a "mini-marathon" of the program on October 7, December 16, December 23 & December 30. These mini-marathons aired outside of the "second home" time slots to help promote the audience awareness of the program and further educate and inform the teen audience of important news stories in the Fourth Quarter of 2018. These additional core episodes were promoted via on-air crawls, and the television listing services were notified in advance of their scheduling. One or more episodes of children's programming that was preempted during the quarter was not rescheduled. The Digital Core Programming Summary section of this report would not permit the station to include preemption reports for such unrescheduled preemptions, and FCC Staff has advised that no preemption report for such unrescheduled episodes is necessary. On October 27, 2018, core programs Consumer 101, Naturally, Danny Seo & Vets Saving Pets (2nd run) were preempted from their regularly scheduled times starting at 10AM until 11:30AM to air breaking news coverage of the Pittsburgh, PA Synagogue Shooting. The unfortunate events that happened that day were beyond the control of the station and made it impracticable for the station to reschedule Consumer 101, Naturally, Danny Seo & Vets Saving Pets (2nd run).
