Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	WTTE is pleased to broadcast and produce programs in standard program lengths three hours weekly, which provides educational informational needs of children. We believe these programs have unlimited value. During this past quarter, WTTE telecast numerous public service announcements aimed at children 16 years of age and under. We also air on a regular basis PSAs provided to us by Drug Free America, which are geared toward children. Our PSAs are designed for a general audience, but also serve children 16 years of age and under. Our general audience programs which serve children 16 years of age and under include our local news which airs every night at 10:00 p.m. and an hour long newscast at 7:00 a.m., 8:00 a.m. and 9:00 a.m. Monday through Friday. Non-broadcast efforts directed toward children include numerous public appearances this quarter by News personnel. Public appearances are ongoing projects.

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. Program will air on secondary digital stream.
