Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	6.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ready, Set, Pet is a live action, half-hour television program designed to meet the educational and informational needs of children aged 13-16. Hosted by Phil Torres, this series will educate and inform teens and their families about pet adoption, responsible pet ownership, and the importance of a green space for pets. Each episode, Phil will guide a family through the pet adoption process after a careful look at their unique situation to help them make an informed decision in finding the right pet for their lifestyle. While the family visits local shelters and rescues, experts revitalize their outdoor space to make a safe and eco-friendly home for their new pet. In the end, viewers will see family members overcome their disagreements and make the tough decision on which pet will join the family. Ready, Set, Pet will teach viewers that thoughtful preparation is key when learning to care for an animal's needs. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Welcome Home is a live action, half-hour television program designed to meet the educational and informational needs of children aged 13-16. Hosts Rob and Treger Strasberg run a non-profit dedicated to helping deserving families in transition by turning their house into a home and changing lives along the way. Each episode, we meet a family emerging from difficult circumstances as they finally move into a new living space to call their own. To help the family with their fresh start, Treger, Rob, and a dedicated team of designers and volunteers will transform the family's bare house into a warm home by using goods and services donated by people in the community. The new home will provide much-needed stability to meet the family's specific needs, stimulate their interests, and promote their goals. Welcome Home will teach viewers the importance of giving back in their communities, to never give up when faced with a tough situation, and gratitude for the basic living necessities that we often take for granted. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience XPLOATION DIY Sci will inspire and educate audiences of all ages. Host science educator and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun relaxed attitude Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLOATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLOATION DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLOATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLOATION DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the 2nd digital stream.

Program Title	Xploration Nature Knows Best (22.1)
Origination	Syndicated

Days/Times Program Regularly Scheduled	Sundays, 10:30-11:00 AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and Marine Biologist Danni Washington exudes energy as she relates how current technology was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds and in helicopters influenced by the dragonfly and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers aren't the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants architects who design living buildings and roboticists who are making their designs bigger stronger and faster based on animals. This series will show kids how understanding nature can help them make the next great discovery. After all nature knows best. Xploration Nature Knows Best is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience interest in the field of STEM education. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the main digital stream.

Program Title	Xploration DIY Sci (22.1)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays, 12:30-1:00 PM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience XPLOration DIY Sci will inspire and educate audiences of all ages. Host science educator and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun relaxed attitude Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLOration DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLOration DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the main digital stream.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays, 9:30-10:00 AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Welcome Home is a live action, half-hour television program designed to meet the educational and informational needs of children aged 13-16. hosts Rob and Treger Strasberg run a non-profit dedicated to helping deserving families in transition by turning their house into a home and changing lives along the way. Each episode, we meet a family emerging from difficult circumstances as they finally move into a new living space to call their own. To help the family with their fresh start, Treger, Rob and a dedicated team of designers and volunteers will transform the family's bare house into a warm home by using goods and services donated by people in the community. The new home will provide much needed stability to meet the family's specific needs, stimulate their interests, and promote their goals. Welcome Home will teach viewers the importance of giving back in their communities, to never give up when faced with a tough situation, and gratitude for the basic living necessities that we often take for granted. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides.
