| Side mount brackets for<br>high power antennas (if not<br>included in antenna base<br>cost) | Information not provided. |                                |
|---|---------------------------|--------------------------------|
| Elbow complex, single<br>channel, at antenna input,<br>per 6 1/8. feedline (if<br>needed)   | Component Description:    | 1st payment -<br>elbow comple: |
|   | Amount:                   | \$5,386.50                     |
|   | Component Description:    | 2nd payment -<br>elbow comple: |
|   | Amount:                   | \$5,386.50                     |
| Sweep test of existing  |                           |                                |
| antenna   | Component Description:    | 1st payment -                  |
|   |                           | sweep test                     |
|   | Amount:                   | \$2,880.00                     |
|   | Component Description:    | 2nd payment -                  |
|   |                           | sweep test                     |
|   | Amount:                   | \$2,880.00                     |
| UHF - High Power, Side  |                           |                                |
| Mount, basic slot antenna,  | Component Description:    | 1st payment -                  |
| 16 bay,, 900 kW input,  |                           | TFU16WB-1-F                    |
| directional,, horizontally<br>polarized   |                           | Antenna                        |
| polarizou   | Amount:                   | \$45,866.25                    |
|   | Component Description:    | 2nd payment -                  |
|   |                           | TFU16WB-1-F                    |
|   |                           |                                |

| broadband, at antenna<br>input, per 8 3/16. feedline<br>(if needed) | Component Description:    | Elbow complex -<br>2nd payment |
|---|---------------------------|--------------------------------|
| 、 <i>、</i> ,  | Amount:                   | \$3,746.25                     |
|   | Component Description:    | Elbow complex -                |
|   | Amount:                   | 1st payment<br>\$3,746.25      |
| New combiner, cost per<br>channel (without antenna)                 | Information not provided. |                                |
| Sweep test of existing  |                           |                                |
| antenna   | Component Description:    | Sweep Test 2nd                 |
|   |                           | payment                        |
|   | Amount:                   | \$1,440.00                     |
|   | Component Description:    | Sweep test - 1st               |
|   |                           | payment                        |
|   | Amount:                   | \$1,440.00                     |
| UHF - High Power Top  |                           |                                |
| Mount (200-1000 kW), Two<br>Station broadband panel                 | Component Description:    | ELLIPTICALLY                   |
| antenna, elliptically or  |                           | POLARIZED                      |
| circularly polarized  |                           | TUM20-O4-12/48                 |
|   |                           | 1-R-T PANEL<br>ANTENNA - 1st   |
|   |                           | payment                        |
|   | Amount:                   | \$105,806.25                   |
|   | Component Description:    | ELLIPTICALLY                   |
|   |                           | POLARIZED                      |
|   |                           | TUM20-O4-12/48                 |
|   |                           | 1-R-T PANEL                    |
