Describe the educational and informational objective of the program and how it meets the definition of Core Programming. hosted by Brooke Burke-Charvet, is a television show developed for teens in which each episode reveals the widespread goodwill in our world by secretly capturing heroes in action as they demonstrate acts of kindness, compassion and commitment to others. Highlighted by funny, light-hearted moments, the show shines a bright light on everyday people who selflessly share their positive attitudes towards society and life with others by doing good deeds. The show, which includes user-generated content, is based in part on three Chicken Soup for the Soul books created with The Boniuk Foundation: Chicken Soup for the Soul: Be the Best You Can Be; Chicken Soup for the Soul: Create Your Best Future; and Chicken Soup for the Soul: Raising Great Kids. These books were made, with the support of The Boniuk Foundation, from thousands of stories specifically selected to build character, promote kindness, and encourage compassion, especially as a tool against bullying.
